Page 118 and elsewhere "Paul Diacre" *corr.* "Paulus Diaconus." He was archdeacon of Aquileia in the time of Charlemagne. The first sentence and the last of the note to page 111 are to be ascribed to the author quoted. The words of Tacitus begin with "Not the Samnians," and end with "not conquered."

Some names are erroneously printed in Italics, and some in Roman characters, as the sense will shew. For the true orthography of all, the tables are proposed as a tribunal of appeal.

* * The Binder is desired to place the Title to Part II. immediately preceding page 437;—at which page the volume is intended to be divided.
